We are delighted to invite you to attend a webinar **this Thursday 9th December, 5-6pm** on **Counter-Terrorism Policing and Community Vigilance: Action Counters Terrorism**.

The webinar will be held on Microsoft Teams with expert presenters from the **National Counter Terrorism Security Office and Counter-Terrorism Policing Communications**.

Counter-Terrorism Policing is a **collaboration of UK police forces** working with the UK intelligence community to help **protect the public** and our national security by **preventing, deterring** and **investigating** terrorist activity.

**The webinar will outline our Counter Terrorism Policing efforts from a national and local perspective and the current terrorist threat.**

In addition to explaining how their staff and officers keep you safe, they will address how you can protect yourself and others by utilising their free resources and remaining vigilant. There will an opportunity to ask questions at the end of the session.
